

Nebraska Department of Natural Resources  
Federal Emergency Management Agency  
Cooperating Technical Community  
Mapping Activity Statement

**Agreement #6- Assessment of Community Mapping Needs**

In accordance with the Cooperating Technical Community (CTC) Memorandum of Agreement dated August 16, 1999, between the Nebraska Department of Natural Resources and the Federal Emergency Management Agency (FEMA), Agreement #6 is as follows:

1. **Objective and Scope:** The objective of this Mapping Activity is the assessment and evaluation of flood mapping needs for communities that the Nebraska Department of Natural Resources has inventoried as part of FEMA's 5-Year Map Update program. For each community, the assessment will consider the need for flood data updates (requiring new engineering analyses and/or floodplain mapping) and map maintenance (updating non-engineering reference features, such as roads and corporate limits).
2. **Period of Performance:**  
This Mapping Activity will begin on February 1, 2001, and end no later than January 31, 2002. This Mapping Activity may be terminated at the option of FEMA or the Nebraska Department of Natural Resources in accordance with the provisions of the August 16, 1999, CTC Memorandum of Agreement.
3. **Funding/Cost-Sharing:** This activity will be funded by the Nebraska Department of Natural Resources; FEMA funding will not be provided for this activity.
4. **Standards:** This assessment will be conducted and all products prepared in accordance with the procedures outlined in FEMA's *Guide to Collection and Input of Mapping Needs Into MNUSS*.
5. **Products:** The Nebraska Department of Natural Resources shall make the following products available:
  - Map needs collected by the Department of Natural Resources will use MNUSS to report the information to FEMA.
  - All materials (hardcopy or electronic) supporting community-mapping needs collected as part of this investigation. Hardcopy materials and computer disks or CD-ROMs should be clearly marked with community name and identification number.
6. **Schedule and Milestones:** Upon completion, final products will be provided to the FEMA Project Officer.
7. **Certification:** Not applicable.

Printed 01/12/01

**8. Technical Assistance and Resources:** FEMA's Mapping Coordination Contractor (MCC) maintains archives of community flood study data. Archived data include copies of FEMA-issued Letters of Map Change (LOMCs); engineering and mapping support data and documentation; information on deferred map actions; and data collected as part of FEMA's Five-Year Mapping Needs Assessment Process. A visit to research the MCC archives may be arranged by contacting the FEMA Project Officer. For specific data items, the MCC may be contacted at 1-877 FEMA MAP.

**9. Contractors:** Not Applicable

**10. Quality Assurance/Quality Control (QA/QC) Procedures:** The electronic summary data files shall be checked against the source data to verify accuracy of data entry prior to submission to FEMA.

**11. Reporting:**

The Nebraska Department of Natural Resources will provide periodic reports to the FEMA Project Officer on the progress of the mapping needs assessment.

**12. Points of Contact:** The FEMA Project Officer is Bob Franke, and the CTC's Project Manager is Brian Dunnigan, or subsequent personnel of comparable experience who are appointed to fulfill these responsibilities.

Each party has caused this Mapping Activity Statement to be executed by its duly authorized representatives.
